

The Ram Jack Price Match Guarantee

At Ram Jack, we are dedicated to providing the best products and service for your foundation repair needs. Our **Price Match Guarantee** ensures you get the highest quality products and service at the most competitive price. Here's how it works:

What We Cover

We will match or beat a signed, written quote from a licensed contractor for the following services:

- Foundation Repair or Support by using Ram Jack steel and/or adjustable piles.
- Single and Plural Component Polyurethane for Void Fill
- New Construction Helical Piles
- Similar Foundation Support Services

General Terms and Conditions

- The Price Match Guarantee applies to current competitor quotes dated no more than 90 days before Ram Jack provides you with an in-home estimate.
- We request a competitor's valid, signed estimate to effectively compare service plans, materials, and scope of work.
- If additional information is required from the competitor's valid estimate, we will begin the price match process once all information is received. In the absence of competitor's valid quote or other required information, **we will offer you our most competitive pricing.**

Matching Services and Materials

- We guarantee to offer the most competitive price for **similar materials, services, engineering and warranty** while maintaining the high standards that set Ram Jack apart from any qualified competitor bid.
- Competitor quotes for piles must be for steel piles, as Ram Jack Steel Piles are renowned for their design and manufacturing quality.
- The competitor must be a licensed general contractor, operating in similar permitting or licensing counties.
- We reserve the right to verify and determine the competitor's eligibility and the specifications and validity of their quote.

Limited Quantity and Duration

- We may limit the number of projects sold under the Price Match Guarantee, especially in commercial applications.
- We reserve the right to terminate the Price Match Guarantee Program at any time, with or without notice.

Why Use Licensed General Contractors?

Unlicensed entities often lack the necessary licensing, insurance, knowledge, and experience. Our Price Match Guarantee applies only to licensed general contractors to ensure you receive reliable and professional service.

Choosing Ram Jack

- **Experience:** With over **40 years of experience**, we can handle your foundation support needs. When we visit, we observe your entire property as it affects your foundation in order to give you a **comprehensive solution**.
- **Innovative and Tested:** The **Ram Jack System of Foundation Repair** was invented, patented, and has evolved for over 40 years.
- **USA Designed, Manufactured, and Engineered:** Ram Jack steel piles are engineered and made in the USA, ensuring top-notch quality and longevity.
- **Lifetime Limited Warranty:** Most of our residential steel pile work comes with a **life of structure limited warranty**, transferable to new property owners.

By choosing Ram Jack, you are assured of receiving the best value from a reputable, experienced company dedicated to quality and sustainability.
